It is a difficult matter to give the public anything like a clear idea of the grand array of bargains placed on our counters TO-MORROW. We have made extraordinary large purchases lately from New York Importers, at prices that they claim are ruinous to them. In offering these purchases to Rt. Rev. Mons. Capel, the people of Memphis, we do not ask the value of the goods, we merely add a small profit, as we rely more on large sales than large profits. Read the following list carefully, and if the article needed is not quoted, remember it would take every line in this paper to even name a quarter of our immense stock, therefore you can feel assured that you can get in our Emporium whatever is required for personal wear, household use or ornamentation, at prices that cannot be equaled elsewhere.
